Dropsy

starting in the feet or ankle comes from a weak or diseased heart-a heart that cannot keep up the circulation. The blood then settles in the lower limbs out into surrounding tissues causing bloat and swelling. The heart must be strengthened and built up before the dropsy can be cured to stay; and the cheapest. best of all heart medicines is Dr. Miles' Heart Cure.

"Heart disease made my feet swell so that they had to be lanced in several places. One bottle of Dr. Miles' Heart Cure helped me and twelve bottles worked a complete cure." JAMES TRESTY, Barnard, Mo.
